

COMPANY PROFILE

We never stop playing

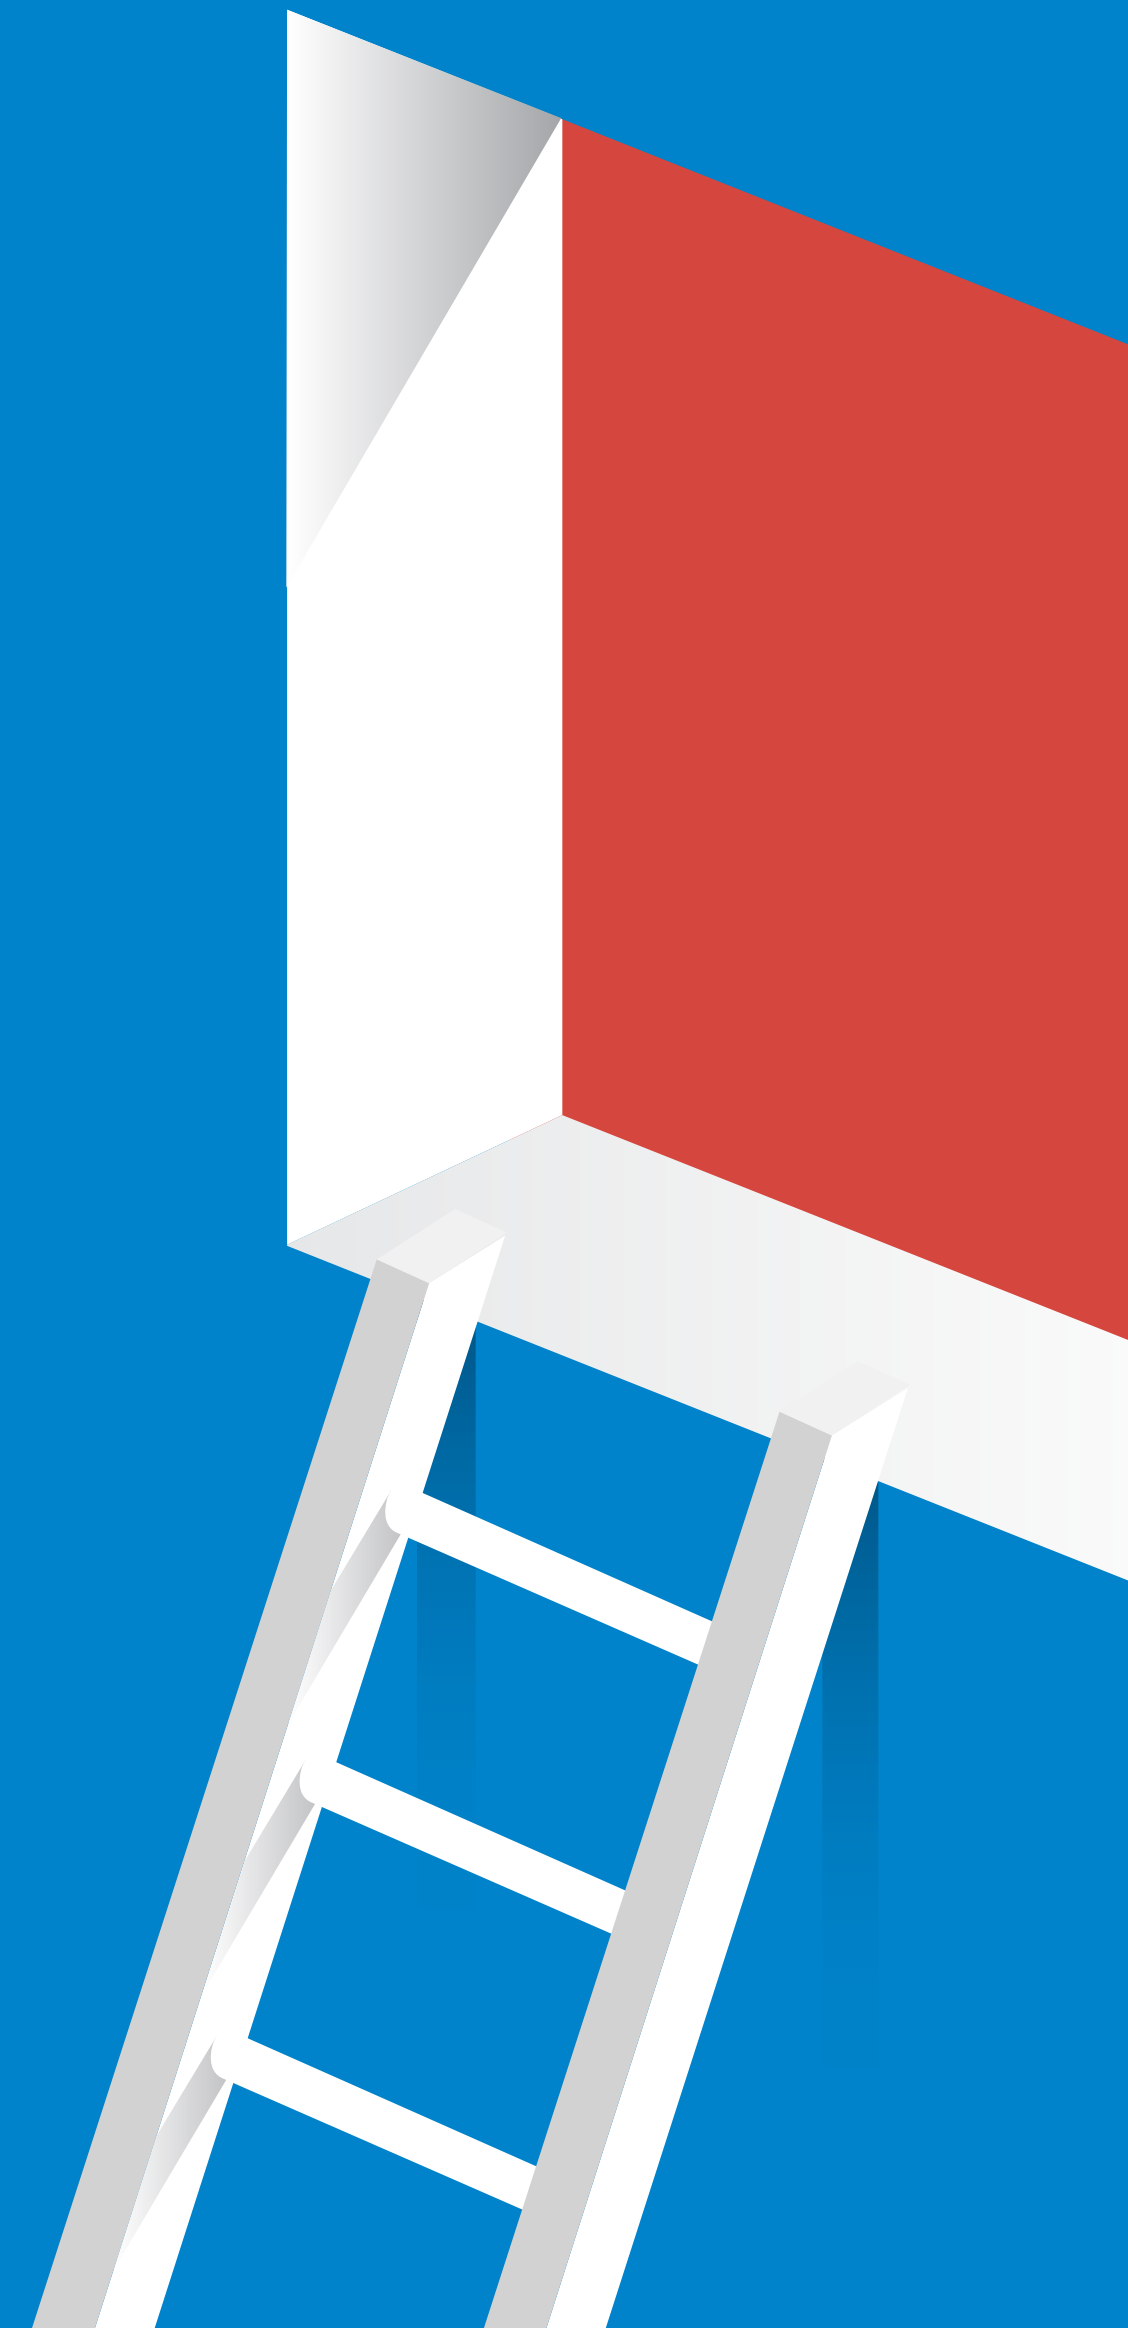

We are a video and animation company based in Port Harcourt, Rivers State, Nigeria that approaches each project with the same curiosity we had when we were kids, just with a bit more experience, method and precision. Be curious, talk simple, play fair, share everything.

Inspired by curiosity

Seriously, this is why we like our job so much.

We have worked on new ways of communicating and new digital solutions since we started, always trying to invent something different. We mix creativity, usability and millions of lines of code with the objective of delivering a unique experience. A bit more with every project.

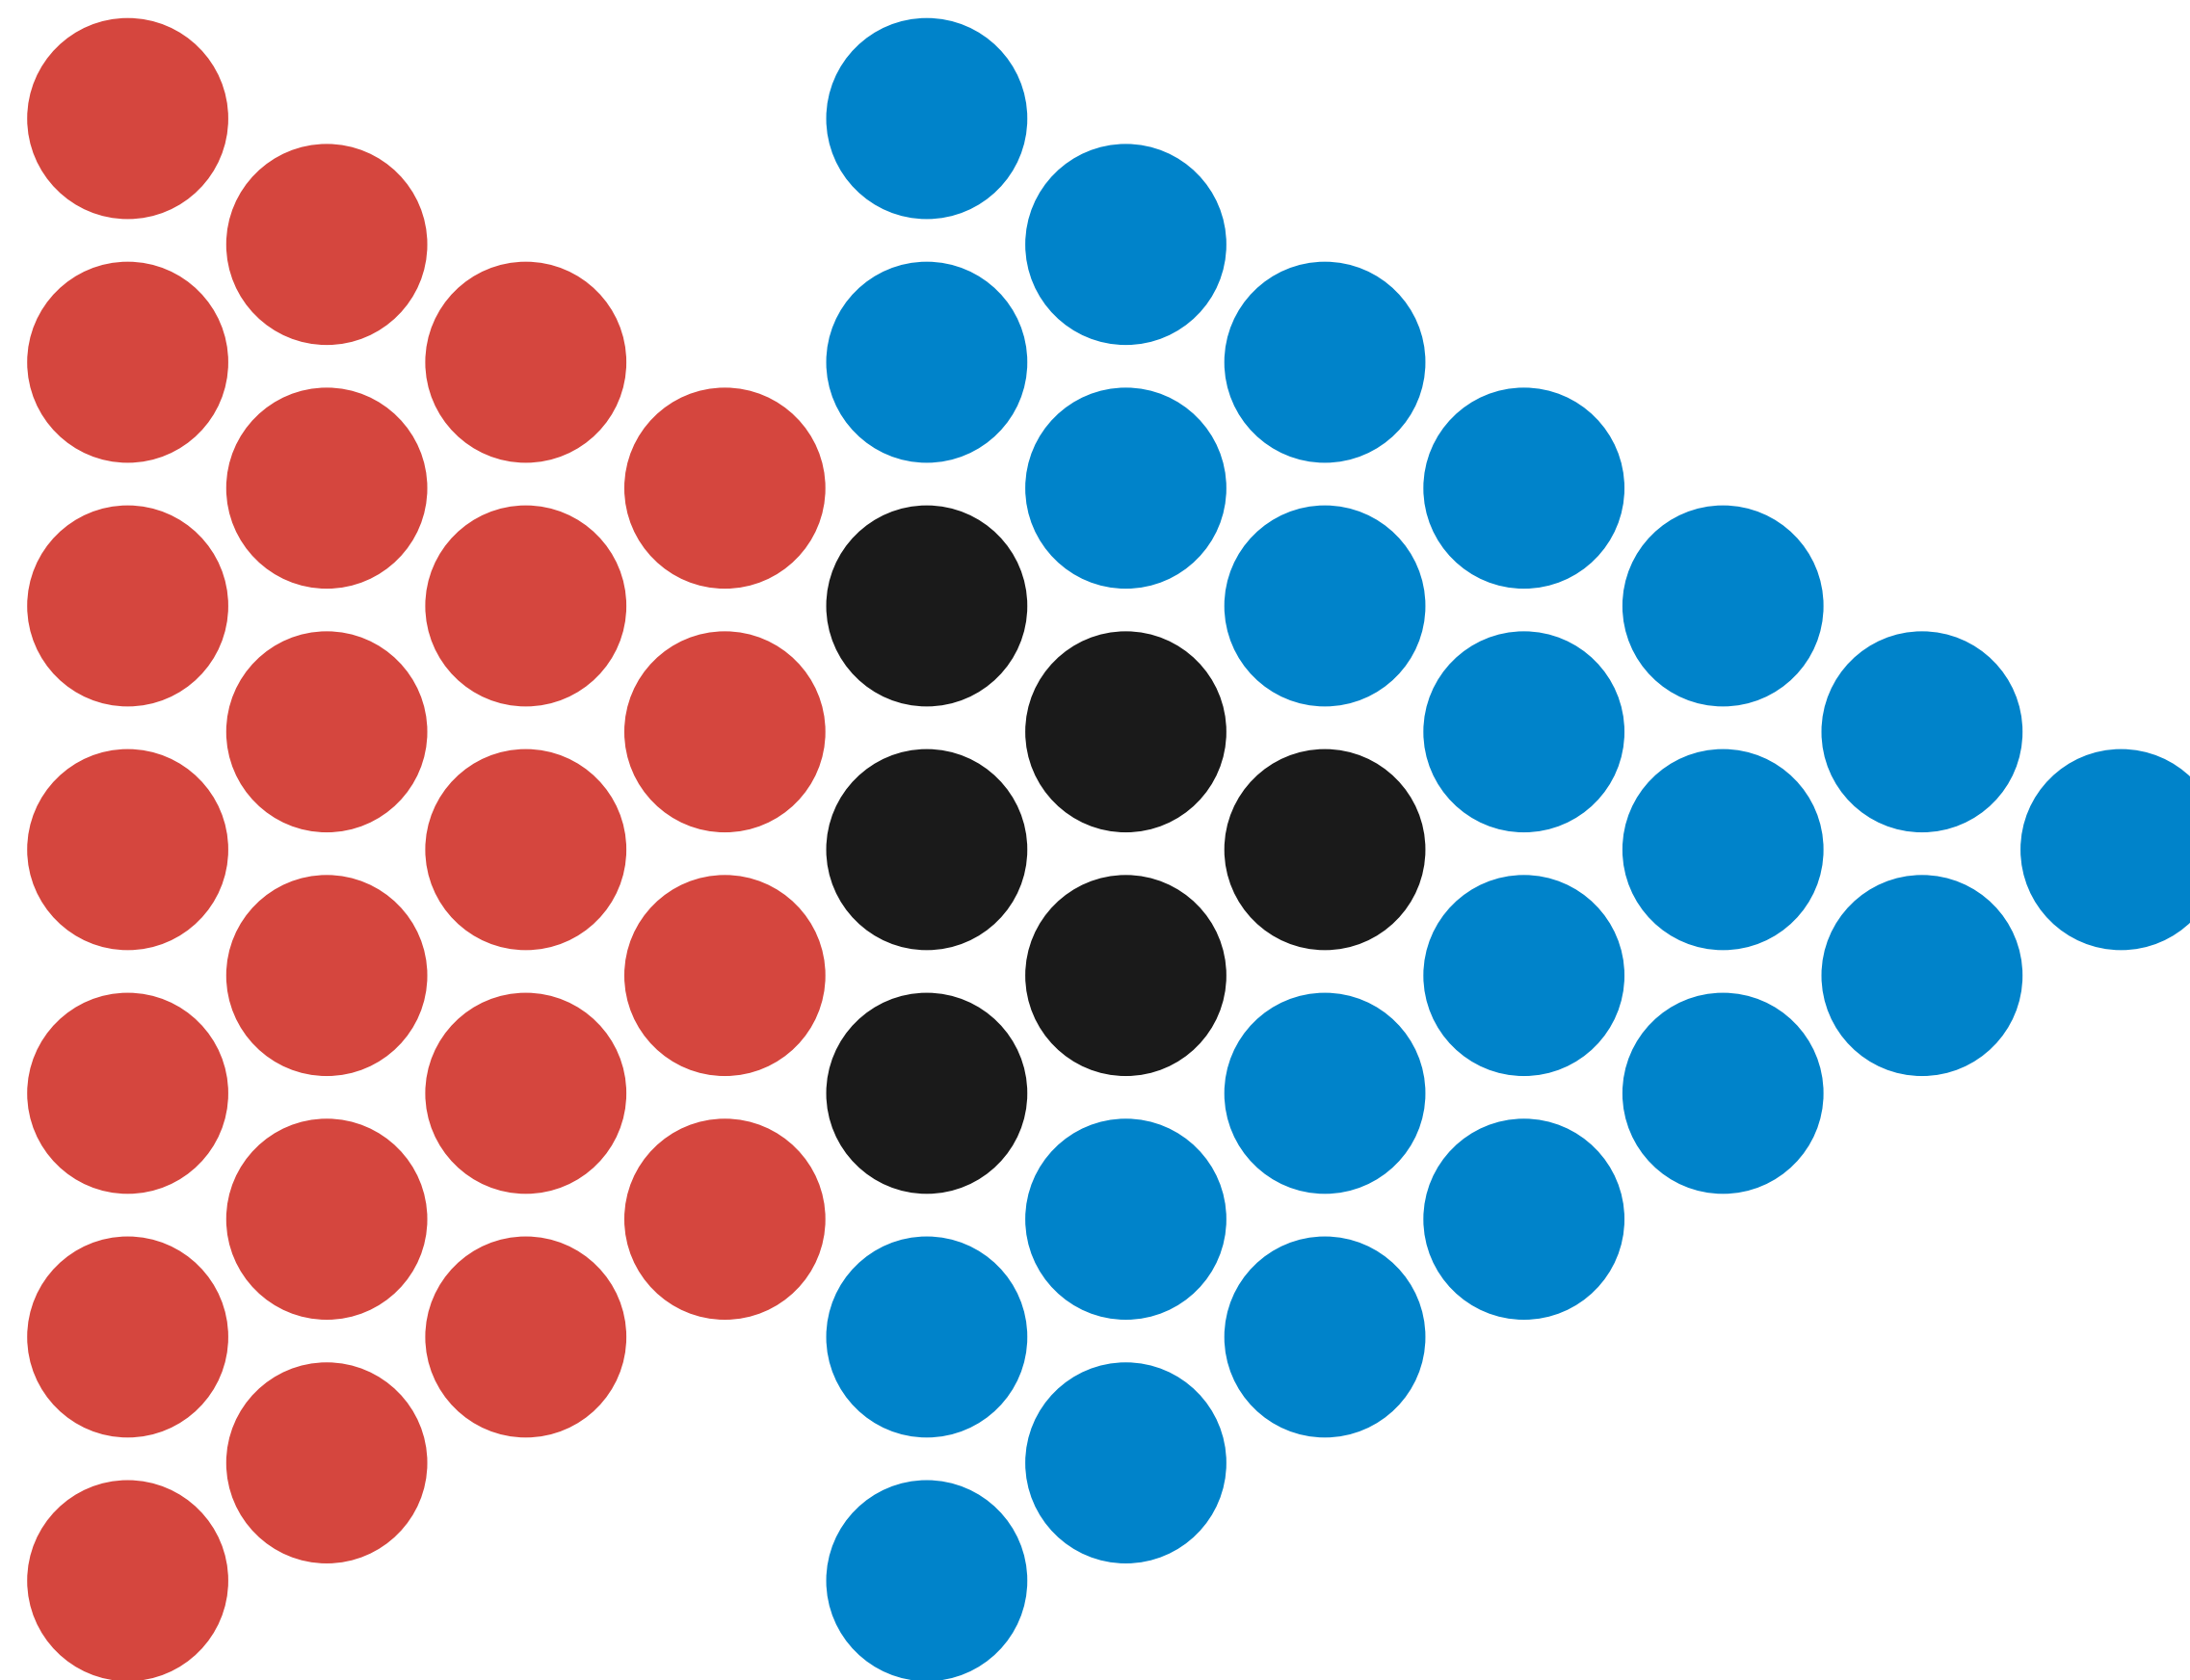

Together we make good stuff

There are almost 80 of us.

Everyone knows what to do. Like a family, we gather together and work with skill, care and method.

And like every family, we discuss, laugh, argue, decide, and even hug sometimes. Because in the end, we like each other and work well together.
And every time, we make it happen.

Experience is better when shared

A road trip is amazing because of all the stories you can tell. Wind, landscapes, and adventures with your buddies. What makes it unforgettable are your travel companions.

The same is true for our projects: we exchange views with our clients and develop together tools to improve the connection with the final targets.

CUSTOMER EXPERIENCE DESIGN:
we design the user experience
together with you.

TRAINING + KNOWLEDGE:
we share strategy and project
equity with your team.

Get closer

Speed dating can be exciting.
But we like long term relationships even more.
No, we didn't read this in a gossip magazine.
To make a relationship last, a strong connection is the key.

Knowing each other, building a consistent
approach, taking an in-depth look at the scenario.

This is why we like to build good relationships with our
customers, to understand their needs and work together
on innovation, strategy and brand culture.
And add value through measurable objectives.

Step by step

We're good dancers. Waltzing through every project like a well-choreographed routine: strategy, creativity, development, system integration and maintenance.

To create results, step-by-step.

And because everything is managed internally, we can make decisions that leverage different skills. Which is why we know how to rock the floor.

Wow, it's beautiful! And it works too!

1. Vision

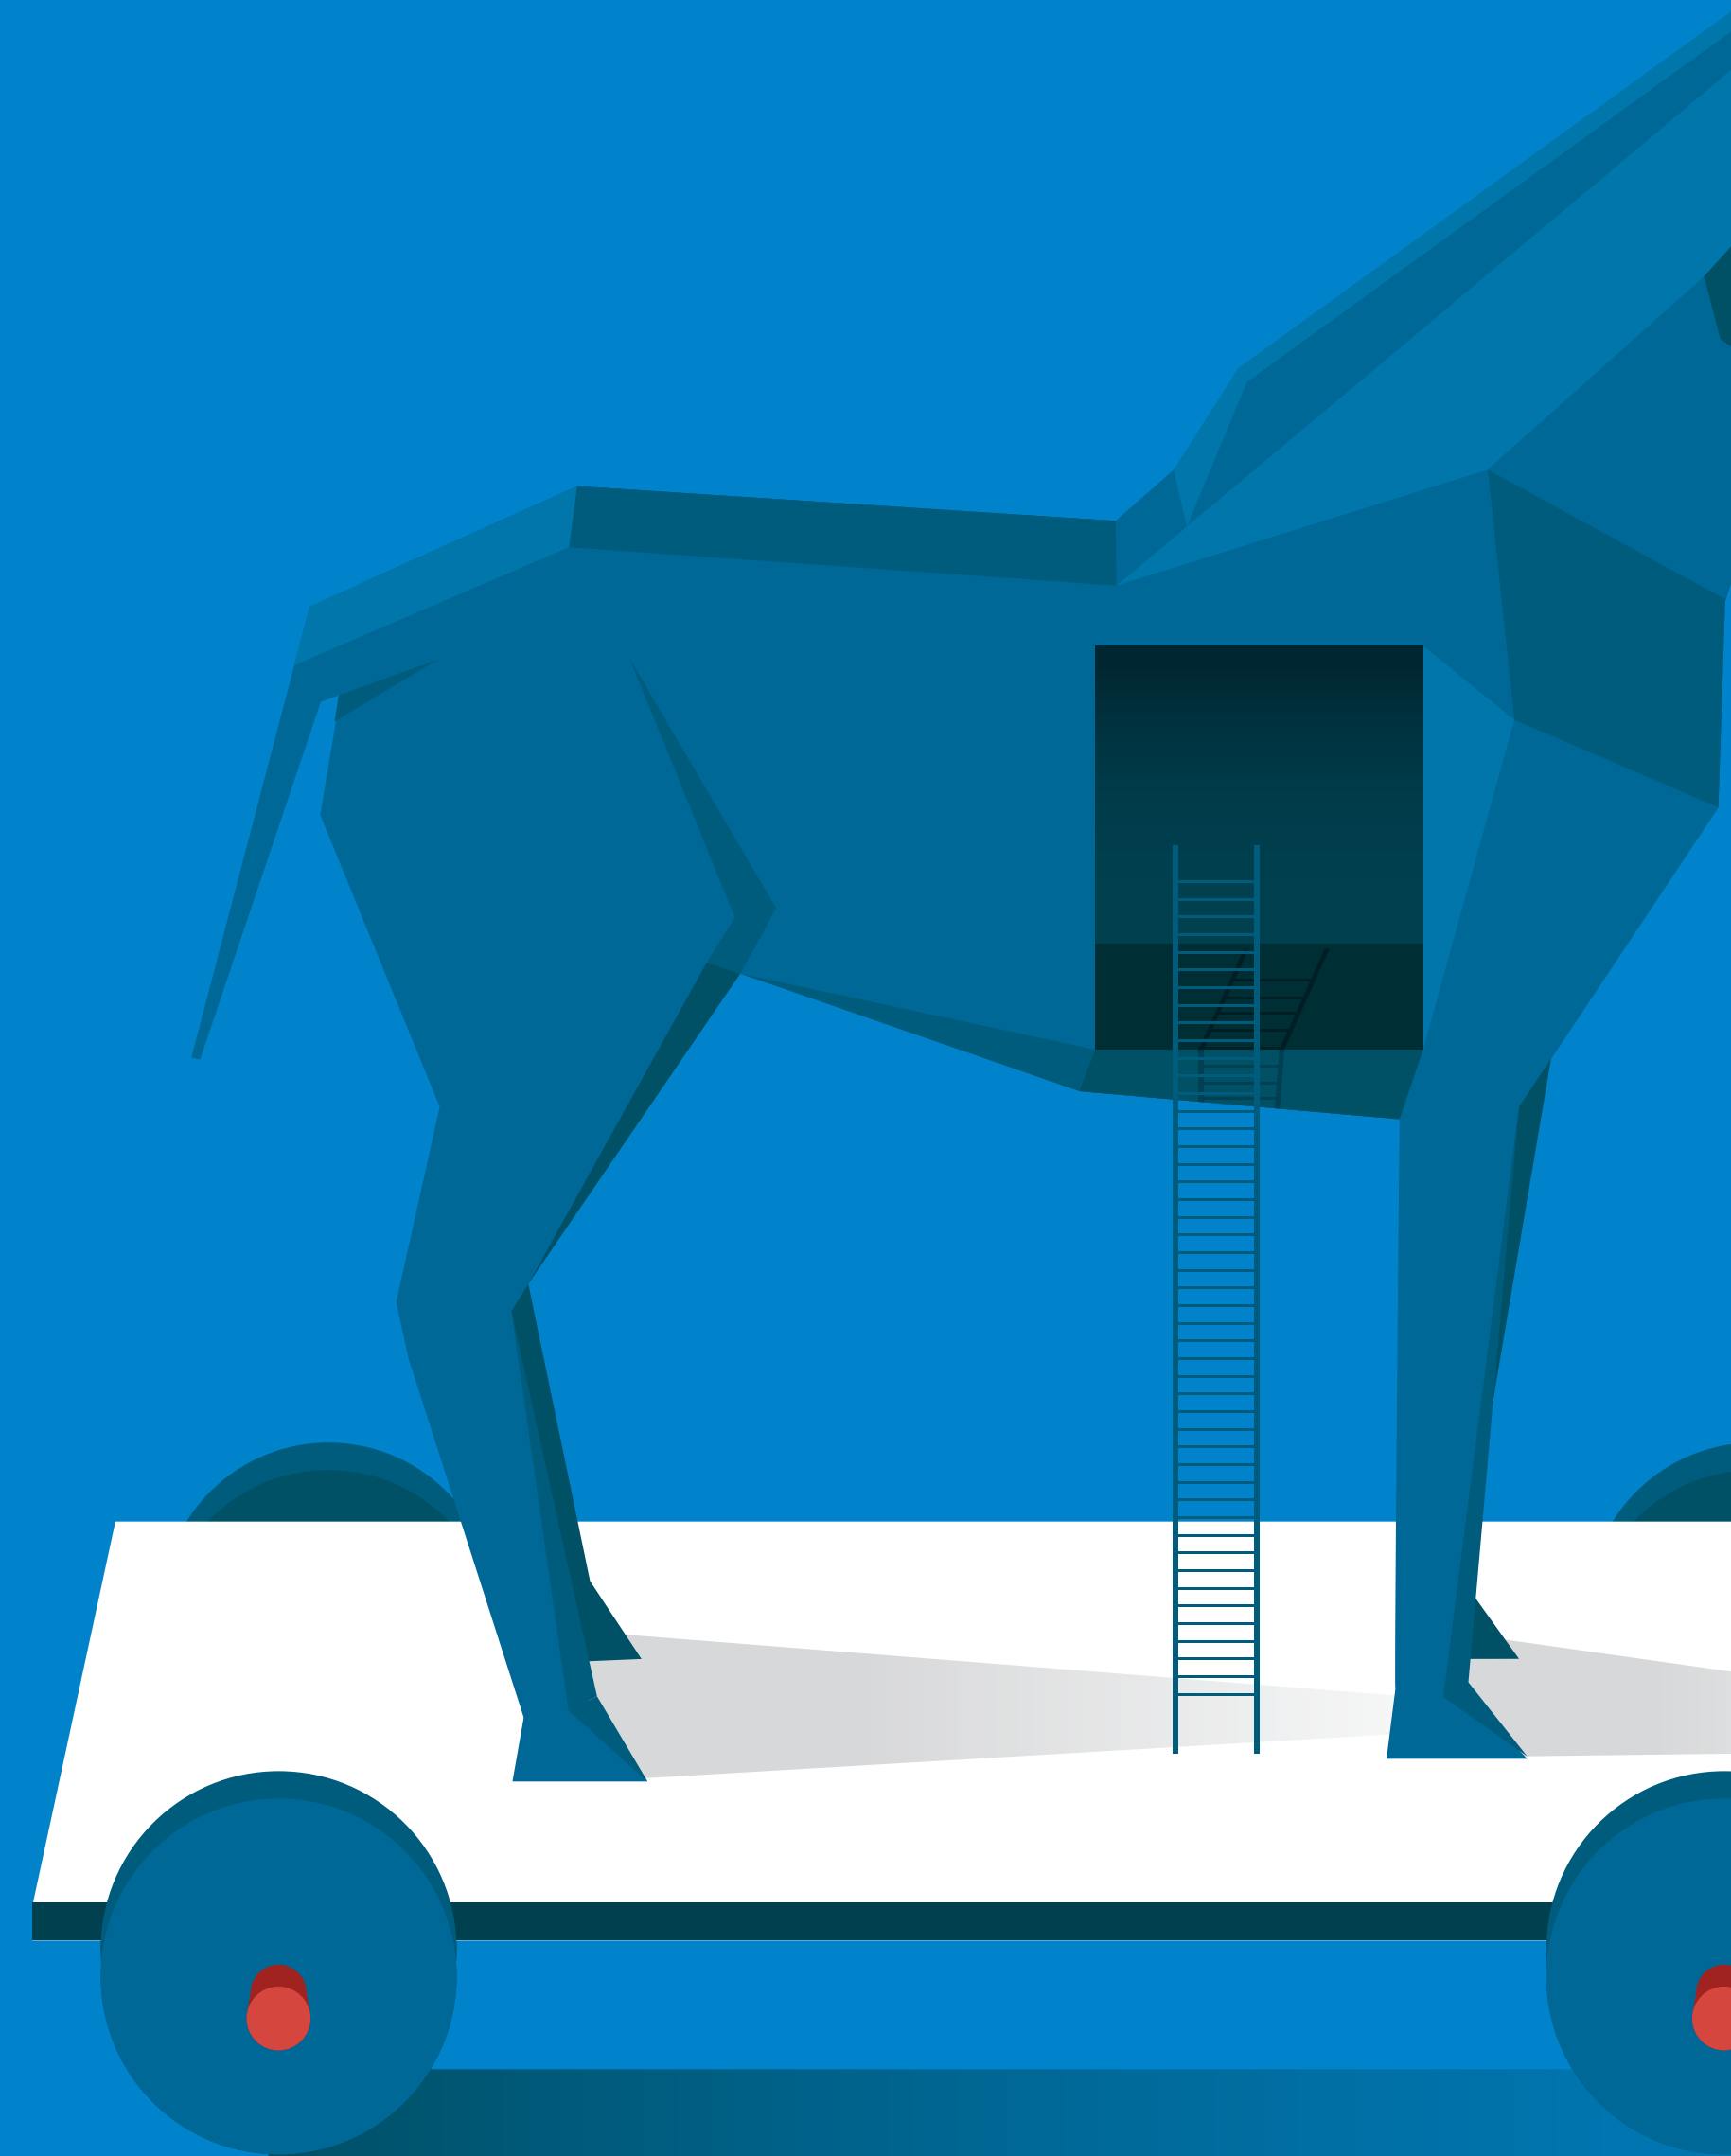

We look around. Before acting, we analyze the scenario.

2. Effectiveness

It looks good. It's reliable. And we can measure it.

3. Guarantee

Every step of the project has to be the best one.

WHY kennysoft STUDIOS?

Everything's inside

We're not just an agency.
We actually think, create and produce our ideas.

Beautiful, or nothing

We build think tanks between technicians, strategists and creatives. Form and functionality seamlessly go together.

New stuff to secure the win

We study, test, and play with technology (our work is often R&D driven).

Global mindset

We design and manage international operations.
